

# New Colleges as Deans change

John W. Lucas

E. M. Hosman

## Regents appoint Hosman to post as Dean, Adult Education College

The establishment of two new colleges was unanimously approved by the Board of Regents at a noon meeting today.

A new College of Business Administration and a College of Adult Education will become effective on Sept. 1 of this year, according to OU President Milo Bail.

John W. Lucas, present Dean of Students and head of the division of business administration, will become Dean of the new Business Administration College. E. M. Hosman will become Dean of the College of Adult Education.

Dean Lucas announced that the change will not necessitate a wholesale program revision. He added that the same courses of study will be offered under the new program, but that the

graduates will benefit greatly.

"Our chief concern is our graduates," Lucas emphasized. "The new college will give professional status to our program, and so help them."

Hosman pointed out that the new College of Adult Education will bring new educational opportunities at the adult level. "We hope to do a better job of educating our increasing adult population," Hosman declared. He added that the university can now provide more desirable and adequate courses for adults.

## RCA speakers highlight physics Vocations Week

The Physics Department will take up where the Education Department left off in the third series of Vocation Week seminars.

The seminars, under the chairmanship of J. E. McMillan, professor of physics, will begin Tuesday. All seminars will be held in room 209.

Two representatives of the Radio Corporation of Omaha, W. E. Stewart and John R. Gates, will open the Tuesday seminars at 11 a.m. They will talk on "Physics as a Vocation."

The RCA representatives will spend the day interviewing students and graduates in physics and engineering as well as business administration, sales and research for positions with the corporation.

Edward P. Stapowich, Omaha's meteorologist, will conduct a seminar Wednesday evening at 7:30. High school science students are invited to the special session.

"Health Physics" will be the topic of Thursday's meeting. Arthur T. Tuma, research radiation physicist at the University of Nebraska College of Medicine, will conduct the discussion at 11 a.m.

## Sen. Fulbright will speak at Baxter lecture series

Senator J. William Fulbright, Arkansas senator, will be guest speaker at the ninth annual Baxter lectures in the Omaha University auditorium March 6 and 7 at 8 p.m.

The lectures are made possible by a gift from the late Mrs. Katherine Baxter in memory of her husband.

Sen. Fulbright will talk on the "United States in World Affairs." He was chairman of the Senate Banking Subcommittee which aroused nationwide interest during its RFC investigations.

## Debate members travel to Lincoln for 12 state invitational meet Friday

### Special election to fill posts

The Student Council will hold a special election on Mar. 5 to fill vacancies in two student class offices.

Freshmen and juniors will vote in the west lounge from 9 a.m. to 3 p.m. The offices open are president of the junior class and vice president of the freshman class.

## Lucas to head Bus Ad College when new plan starts next fall

Dr. MacGregor of Cornell College will become Dean of Student Personnel, education professor

Omaha University's Board of Regents today appointed Dr. Jay MacGregor to the position of Dean of Student Personnel.

He succeeds John W. Lucas who will move to the newly created position as Dean of the College of Business Administration. The changeovers become effective Sept. 1, 1952.

Dr. MacGregor, who is at present Dean of Cornell College, Mount Vernon, Ia., will also shoulder duties as professor of education at OU.

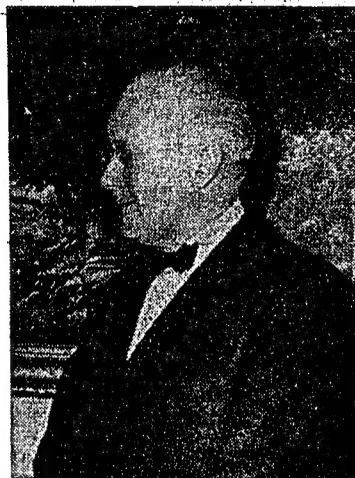

The 57-year old Dean also is a professor of psychology at the Mount Vernon school.

Dean MacGregor received his BA degree from Grinnell College in 1917, his MA and his PhD from the State University

of Iowa in 1925 and 1931 respectively.

His majors were history, educational administration and psychology.

Back in 1931, Dean MacGregor headed the Department of Education at James Milliken University, Decatur, Ill. From 1934 to 1937, he was a member of the Department of Education at Eastern Illinois State College, Charleston, Ill. While at that university he was appointed Acting Dean of Men for two years, 1935 to 1936.

Dr. MacGregor . . . new Dean of Students.

# The Gateway

Vol. 31

University of Omaha, Omaha, Nebr., Feb. 19, 1952

No. 27

## Ellis to join faculty as journalism prof

There will be a new addition to the Department of Journalism next semester. Clifford Ellis will join Omaha University's faculty as assistant professor of journalism and chairman of the Department of Journalism.

He will replace W. W. Cliff, instructor in journalism.

Ellis comes to OU from South Dakota State College where he was assistant professor of journalism for three years. He earned his B. A. and M.A. at Indiana University.

He received practical experience in the field during four years of reporting on the staffs of the Indianapolis Star, Indianapolis, Ind., and the Bloomington Courier, Bloomington, Ind. Ellis served in the armed forces for three years.

## Bloxom, Hansen take leads in play, 'John Loves Mary'

Elaine Bloxom and Del Hansen top the cast for the University Players' spring production, "John Loves Mary." The three-act comedy, written by Norman Krasna, will be presented Mar. 28 and 29.

Miss Bloxom is starred as Mary, Hansen as John.

Other members of the cast include Ben Butler, who plays Oscar; Dick Smith, Fred Taylor; Jim McPherson, Senator McKinley, and Barbara Zimmerman, Mrs. McKinley.

Others are Don Blocker, Lt. Victor O'Leary; Charles Simpson, George Beechwood; Bonny Burgess, Lily Herbish, and Jack Frost, Harwood Biddle.

Stage manager for the production is Don Sarooian.

Tryouts for "John Loves Mary" were held Feb. 7 and 8.

## Tobias picks chairmen for 1952 Ma-ie Day

Committee chairmen for the 1952 Ma-ie Day have been announced by Ben Tobias, Student Council president.

General chairman for the May 9 event is Joan Bugbee. She will be assisted by Jackie Zerbe, senior Council representative. Jim Townsend, Jean Sallady and Jim Erixon complete the list of event chairmen.

## 'To have or have not' sums corsage problem for daters

The recent battery fire of semi-formal dances has put many male daters and their pocketbooks on the skids. Due to the formal dress required, the male populace would have been "operating in the red due to lack of funds." In other words, a corsage for each dance runs into money.

So comes the question: "Is a corsage really the way to a young woman's heart?"

A Gateway poll has disclosed several opinions on the subject. One young miss cast her vote for corsages, saying, "I think a girl deserves a corsage for a formal dance. After all, she usually has to buy a new dress—and that ain't hay!"

An opposite view came from a veteran. Said the senior female, "A corsage isn't necessary

except for the most important dances. Besides, after you wear them once, they sit in the refrigerator until they mold."

Presenting the male viewpoint, a sophomore expounded: "If you can't do it up-right, why go to a formal? You feel like a heel if your date is one of the few without a corsage."

Reaching into his empty pocket, a junior concluded, "I think most girls understand nowadays that none of us are very flush. A corsage isn't the necessity it used to be."

RSVP ...

## Heed invitation or draft calls

ROTC cadets enrolled in second year basic were "cordially" invited this week to see one of five staff members to discuss career options for advance training.

The three divisions available to the future shavetails are flight operations, general technical and administration and logistics. It seems that all the bus ad boys are running to the last category, while America's would-be scientists are choosing the general technical field.

If the cadets have not chosen their careers by Monday, in the words of Major Robert Whaley, "They have bought the chops" (i.e., they've HAD it).

## Check of student hobbies shows motley array from music to dolls

A check of interests and hobbies revealed unusual traits and habits in members of the student body. According to the information cards filled out during registration,

### Nurses 'strange machine' cures cold with heat ray

A machine with strange powers was lauded last week by Nurse Beldora Tacke.

Those drippy, uncomfortable, stuffy cold symptoms can be cured or partly eliminated by the diathermy heat machine. The school nurse described the contraption as a lamp-like affair that generates an invisible ray directed on the patient's face.

"If the students will take advantage of OU's health service and use this machine, they might be able to cure their colds" said Miss Tacke.

While sports and music were common replies, religion, mountaineering and hair radio were also listed. A coed who is not athletically inclined said her activity is "learning to play tennis." Another girl collected dolls—a hobby also indulged in by several male students.

Lack of punctuation gave one student an interest in "woodshop music."

Several married students listed their hobbies as "raising a family" and "married life," while one girl said "living with my husband."

Many students misread the card and wrote their parent's names in the space allotted for hobbies.

Want to see a community play for free? The Omaha Community Playhouse wants students to usher for the presentation of "Father of the Bride." Anyone interested should see Dr. Edwin Clark, dramatics coach.

After discussing various kinds of contagious diseases in her classes on health education, Miss Violet du Bois has been confined to her home with a case of the mumps.

More national recognition of OU students can be found in "Scholastic Editor." Freshman Bill Beindorff authored an article in the January issue of the national high school journalism magazine. Beindorff wrote the article while a senior at Benson High.

Note to Mr. Hoff: The electricity bill will be lower this month thanks to several profs. A student studying in a corner of an empty classroom was disturbed when the profs came in to turn off the lights in the apparently deserted room.

# Be Happy-Go LUCKY!

Smoke the world's best cigarette—  
You ought to smoke 'em too!  
They're round and firm and fully packed;  
Here's Lucky Strike to you!

Sue Titcomb  
Texas State College for Women

If you and she have had a spat,  
And you two now are partin'—  
To patch things up, give her a gift  
Of Luckies by the carton!

Selwyn Steinberg  
City College of New York

## LUCKIES TASTE BETTER!

The difference between "just smoking" and really enjoying your smoke is the *taste* of a cigarette. You can *taste* the difference in the smoother, mellower, more enjoyable taste of a Lucky ... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco ... fine, mild tobacco that tastes better. Second, Luckies are *made to taste better* ... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that *tastes better*! Be Happy—Go Lucky! Buy a carton today!

King Midas sat upon his throne  
And uttered this decree,  
"The golden touch you've heard about  
Is L.S./M.F.T."

## L.S./M.F.T.-Lucky Strike Means Fine Tobacco

# Will Washburn wield hatchet?

## Potent Ichabods are barrier for cagers

For the fourth game in a row, the Omaha Indian basketball team will be trying to shake their losing ways tomorrow night. This time it is Washburn that invades the West Dodge Fieldhouse.

The Indians, after racing to a 10-5 record, have dropped their last three starts.

Chances of hitting the win column tomorrow night are not too bright. The Ichabods swamped the Omahans in Topeka, Jan. 18, 84-58.

However, the OU cagers proved that previous beatings don't scare them, as they pressed Morningside 74-78. The Maroons had previously downed OU by a 20 point margin.

### Ichabods tall

The Ichabods have a tall, fast team. It was this speed and dead-eye shooting that overwhelmed Omaha in their last encounter.

Coach Marion McDonald's Washburn crew have taken seven of their last 10 games, including a decisive win over Fort Hays, a team which nipped Omaha.

Ichabods Ed Hansen and Bill Yearsley will be the ones to watch. Hansen is the team's leading scorer to date, but it was Yearsley, high scoring center, that broke the Indians' back in their first game.

### Nelson doubtful

Bob Rose and Bob Mackie will undoubtedly be in the starting OU lineup tomorrow night, as they both turned in brilliant performances against Morningside.

Lee Nelson will probably get the starting nod at center if he recovers from the flu which has had him bedfast the last two days.

## 'Hawks' lead slim in 'mural bowling

Blackhawks continued their supremacy over the intramural bowling league this week. The Blackhawks are leading the league with a .644 percentage. Thetas and Sig Lams are tied for second place, each with a .600 percentage.

League standings:			
Team	Won	Lost	Pct.
Blackhawks	29	16	.644
Thetas	27	18	.600
Sig Lams	27	18	.600
ROTC F-80's	24	21	.533
Sig Eps	24	21	.533
ISA	20	25	.444
Theta Chi	18	27	.400
Phi Eps	15	30	.333

Thetas are leading the interfraternity league with 17 wins against seven losses. This gives them a .783 percentage compared with a .621 mark owned by the second place Sig Lams.

Interfraternity league standings:			
Team	Won	Lost	Pct.
Thetas	17	7	.783
Sig Lams	15	9	.621
Sig Eps	14	10	.583
Theta Chi	12	15	.460
Phi Eps	5	22	.180

In 'mural basketball, Theta Chi took a close game from the ROTC and the Pawnees took forfeit games from the Blackhawks and Otoes, respectively.

## Student managers should apply

Needed: student managers! Such is the case of the Omaha University baseball team. There are now openings for several managers. Anyone interested in the job should report to Mike Wolenski, equipment manager, in the Fieldhouse dressing rooms for an interview.

## Maroons repeat win over hapless Indians

Muffing a fourth quarter lead, the OU cagers dropped an overtime contest to Morningside 78-74. It was the third straight loss for the Indians.

Electing to shoot instead of holding the ball, Omaha blew a four point advantage, and the Maroons promptly tied the score at 67-all.

Bob Moscrey and Larry Johnson kept Omaha in the game during the overtime with buckets, but the OU crew turned ice cold at the free throw line and missed five charity tosses.

Omaha played a sloppy game, throwing away many passes. However, sharp shooting by all hands kept the local five in the game till the end.

Ray Knauer was the Morningside hero, scoring four field goals in the overtime. Knauer finished with 24 points.

Bob Rose led the Indians with 21 points. Mackie was next with 16, plus a lot of rebounds for a 5. ft 10 in. guard.

## Women's 'murals ends first round

In the first round of the OUWI basketball tournament, the Unaffiliated downed Zeta Tau Alpha 48-25. In the other game, Chi Omega swamped Sigma Kappa 23-1.

Tournament competition resumes next week with the following games:

- Feb. 26
- 3 p.m. Chi Omega vs. Alpha Xi Delta
- 4 p.m. Unaffiliated vs. ISA
- Feb. 27
- 4:15 p.m. Sigma Kappa vs. Alpha Xi Delta
- Feb. 28
- 3 p.m. Zeta Tau Alpha vs. Chi Omega
- 4 p.m. Unaffiliated vs. Alpha Xi Delta

## Gorr sends SOS for managers

Any University of Omaha men interested in being student managers for the University track team should report to Ernie Gorr, head track coach.

The track team is working out for early season meets. These meets will be the first indoor track meets held in the Omaha U Fieldhouse.

Men planning to be student managers should see Gorr in his Fieldhouse office as soon as possible.

## Johnson takes baseball post at Omaha; replaces Yelkin

Meet Thurman Johnson, new Omaha University head Baseball coach.

Johnson, who is also head basketball coach at Abraham Lincoln high school, has taken over the head baseball post at OU until Virg Yelkin returns from the service.

Johnson will also teach a class in baseball theory at the university. He will maintain his coaching job at the Council Bluffs high school as he had not previously coached spring sports there.

### College player

Johnson is not new to the baseball game. While attending school at Simpson College, he played first base and outfield. This was also the case at Coon Rapids, Ia. where he played high school ball.

Neither is the new mentor new at the job of coaching. He has been a coach at Abraham Lincoln since 1948. Prior to that, he coached at Manilla, Ia., high school from 1940-47. He also served four years in the Naval Air Corps Reserve.

He comes from a baseball family. His brother, Clayton Johnson, was the regular shortstop for the Des Moines Bruins in the Western League for the 1950 season.

### Good turnout

The modest Johnson, whose age is one of those things one doesn't talk about, expressed his pleasure in the large turnout of prospective baseball players at the first meeting of the season.

Thurman Johnson will have a job to do molding a team that will make an improvement over last season's squad.

Thurman Johnson ... New head baseball coach.

## PE club meets today in varsity locker-room

The second meeting of the PE majors club will be held this afternoon. The meeting will start at 3 p.m. in the Fieldhouse varsity locker room.

At the last meeting, the club members discussed and ratified a constitution to be adopted. It will be presented today to the Dean of Students Office for approval.

Also on the agenda for today's meeting is the election of officers.

All physical educational majors and minors are invited to attend the meeting.

From the sports desk . . .

## College stars at AF tourney

By Bob Peck

Although the teams that will clash in the AF tourney finals in the Omaha Fieldhouse Mar. 1 are unknown, one of the favorites is the 33rd Air Division team. This squad won the Great Plains Conference title and will represent that section in the world finals.

For an idea of the brand of ball games these AF teams play, just take a look at the roster of the Great Plains champs. Wayne Tucker, Colorado U great, tops the list of stars. Tucker was a Big Seven All-conference choice last season.

Another Colorado star is on this squad. He is Jim Armatas, two year letterman in basketball and track at CU.

Also on this team are five lettermen from Regis College, Colo. Three of these are 1951 NAIB All-Americans and one a member of the Colorado High School All-stars in 1948.

Sid Ryen of Denver University made the All-Skyline Six team in 1950 and played for the Denver Chevrolet after graduation. The ninth member of the team is Gordon Crofts, a two-year letterman at the University of Utah.

With all this talent, the AF tournament rules allow each team to add several outstanding players from teams in their own district to bolster the team.

Tomorrow night's tilt with

Washburn is going to be carried on the radio by Ed Morgan, KBON sports editor. Broadcast time will be 8 p.m.

Morgan's basketball broadcasting schedule will also cover the finals of the Air Force Tournament, direct from the OU Fieldhouse, beginning at 3 p.m.

On the evening of March 1, Morgan moves to Creighton's gym to broadcast the second meeting of the Omaha Indians and the Bluejays.

Another Omaha University grad is striving to make good in the pro ranks. Instead of football, this time it is baseball. Don Fitch, former OU diamond star, is going to try out for the Pittsburgh Pirate's farm system.

It seems that overtime games just aren't to be won by the Omaha cagers. The Indian squad hasn't won in an overtime game since the 1948-49 season when they dropped Doane 68-67 in overtime play. The Morningside contest Tuesday is the most recent overtime loss.

## Wildroot LIQUID CREAM SHAMPOO

More than just a liquid, more than just a cream . . . new Wildroot Liquid Cream Shampoo is a combination of the best of both.

Even in the hardest water Wildroot Shampoo washes hair gleaming clean, manageable, curling without robbing hair of its natural oils.

Seepless Sudsy . . . Luscious Lovely!

P.S. To keep hair neat between shampoos use Lady Wildroot Cream Hair Dressing.

# Thetas ready for week-end Pi Kappa Alpha installation

## Ceremonies draw alums, out-of-staters, actives

Approximately forty-five active members of Theta Phi Delta will be initiated into Pi Kappa Alpha national fraternity tonight and tomorrow afternoon in the faculty clubroom.

Climaxing a year and a half of negotiation, the fraternity will become the 104th chapter of Pi Kappa Alpha, and will be known as the Delta Chi chapter. OU's chapter will be the only active chapter of the national fraternity in Nebraska.

Initiating teams from Kansas State, Kansas University and Iowa State will be in Omaha for the ceremony and banquet Saturday evening at the Black Mirror Room of the Fontenelle.

### Alum initiates

Theta alums are also planning to be initiated into Pi Kappa Alpha. Among them are Mayor Glenn Cunningham, Frank Heinisch, chairman of the vote registration campaign, Frank Broadwall, Theta charter members, and Joe Arenas, San Francisco '49er grid star.

At the present time, Pi Kappa Alpha claims over 40,000 members. It was founded in 1868 at the University of Virginia.

Among the guests at tomorrow evening's banquet will be Powell McHaney, PKA national president; John Horton, traveling secretary; Lloyd D. Jones, president of district 16 from Des Moines; Milo Ball, OU's president; Dean and Mrs. John Lucas; Dean Ormsby Harry and Dean of Women Mary Padou Young.

Also at the banquet will be faculty sponsors and their wives, Dr. and Mrs. Edwin L. Clark, Dr. and Mrs. Donald C. Emery, Mr. and Mrs. R. J. Maxwell and Mr. and Mrs. Ernest Gorr.

### Committees

Jim Daley is the Theta's overall chairman for the activation weekend. Heading the decorations committee, Bob O'Neill has Bob Gregory, Jim Lastovica, Ted and Tom Romberg working under him.

Reservations are being handled by chairman Sam D'Agosta with Gary Anderson, Wally Wright, Don Chase and John White.

Entertainment at the fraternity's banquet will be handled by Bob Russell, chairman, Irv Jones, Dewey Crouch, Dick Beem and John R. Hanson. Chairman of hospitality and transportation for the activities starting tomorrow is Bob Darrah with Charlie Platt, John Sorenson, Dale Cockerill, Don Blocker and Gary Peniston on his committee.

## Retail Club awaits talk with merchant

W. O. Swanson, owner of the Nebraska Clothing Company, will talk to members of the Retailing Club on Thursday, Feb. 28 at 7:15 p.m. in Room 100.

Regular members of the club and all interested students are urged to attend the meeting where Mr. Swanson will tell of his background in the retailing field as well as problems arising from store operation.

## Five picked for contest finals

Alice Gilinsky, Jane Hoff, Mary Richardson, June Williams and Mary Winter are the five finalists in the selection of Omaha's entry for the national "ISA Sweetheart" contest.

Independents will announce the winner at a later date. At a meeting Wednesday, the Club received 14 new members. They are Elizabeth Johnson, Mike Watanabe, Kenneth Rahn, Faith Stitt, Jerry Doyle, Louis Hamsa, Kathleen McKissick, Bill Curran, Jim Bahensky, Vivian Johnson, Jim Dillon, John Soubier, Cliff Soubier and Virginia Pappas.

## ASGD will present introductory party

ASGD will hold a reception for prospective members Wednesday in the faculty clubroom at 3 p.m.

Founded in the spring of 1949, the Association for the Study of Group Dynamics helps leaders understand the interrelation of individuals in the group. It is open to all students and is sponsored by Dr. L. O. Taylor, Miss Catherine Thomas and Paul Beck.

## Coeds cut curls in animal styles

In spite of what Life magazine may decree, the "poodle cut" and the "horse's tail" have not invaded the hairstyle scene, at least not at OU.

After three days of occupying back rows of classrooms, we encountered only five cases of the former and seven cases of the latter.

The nearest thing to a genuine poodle cut found on campus belongs to Syntha Judd. The curls look casual, but Syntha says she has to set them every night.

This seems to dissolve George Traub's theory. The boy thinks that if his wife cuts her hair short she won't have to set it in pin curls. "Those bobby pins cut my shoulder to bits," says George.

Since her hair is naturally curly, Florine Cohen's keeping her hair "poodled." Third member of the doggy set, Mary Renna, doesn't care for the haircut on herself. She might have it recut, though. She says, "Everyone just loves to run their fingers through it." Marilyn Smith and Jerree Downs, also sporting this haircut, agree.

Most of the girls at OU wear their hair medium short, either off the forehead or in soft bangs. But the trend seems to be towards more and more long hairdos, perfect fare for the other half of this story, the "horse's tail." It's known in more genteel circles as "pony's tail."

Pat Cosford, Mabel Wise, Elaine Jones and Mona Feinberg tell that no setting is required and it's the perfect solution of what to do with long hair in summer.

Sporting just a little "pony tail," but with high hopes, Julie Zelenka says she started the thing merely as an experiment. "So many people commented that I left it that way."

The very definite male preference is the poodle cut, contrary to the popular opinion that males just love long hair. Stu Denker and Ben Butler prefer the poodle because the shape of the female head is left undistorted.

# Dr. Orthmer will address chemistry dinner tonight

Dr. Donald F. Orthmer, department of chemical engineering at Polytechnic Institute, Brooklyn, N. Y., will be the guest speaker at tonight's chemistry banquet.

The second annual affair, to be held in the faculty clubroom at 6 p.m., will honor the Omaha chapter of the American Chemical Society.

Dr. Orthmer was born in Omaha and graduated from Central High in 1921. He will speak on "The Presentation, Evaluation, and Correlation of Data for Use by Chemists and Chemical Engineers."

Obtaining degrees in chemical engineering from Illinois Tech, Nebraska U and Michigan U, Dr. Orthmer worked for the Cudahy Packing Company as a chemist. In cooperation with Dr. Raymond E. Kirk, he edited the first six volumes of the twelve volume "Encyclopedia of Chemistry."

The event is sponsored by the University of Omaha student affiliates of ACS and Gamma Pi Sigma, honorary chemical fraternity.

Students to receive additional honors this evening are Marilyn Cowger, Jean Sabatka, Dave Womer, Robert Boss, Robert Kundel, Stanley Hagstrom, Charles Hayes, Barney Kadis, Kenneth Wilson and Lloyd Buzbee.

Others sharing honors are William Collins, Harold Oberman, Harry Golding, Henry Quiring and Maxine Thedens.

## Delta Sigs have Sunday ritual

Ten pledges will be initiated into Delta Sigma Pi at informal ceremonies tomorrow evening. Formal initiation for the honorary business fraternity will be held Sunday afternoon at the Fontenelle.

To be activated are Roy Edwards, Clement Healey, Phillip Springer, Robert Pierce, James Beard, Robert Benecke, Kelley W. Clark, Lloyd Jacobson, Bill McVicker and Sam Nanfeto.

Also on tap for Delta Sig is a film and talk by Vance Harmon of United Air Lines Tuesday evening.

Members of Gamma Eta chapter assisted in the accounting seminars held last week.

## Hi ho, hi ho...

Ready to go to work are (clockwise) Howard Olsen, Diane Purdy, Lee Snyder, Marcia Jourdan, and Hugo Kahn. The interested onlooker is Ole Thomas.

## All Greeks cooperate in 'Help Week' events

Committees from the Interfraternity and Panhellenic Councils have almost completed preparations for Greek Week which starts Monday.

Carrying out the new "Help Week" program, Theta Chi and Sigma Kappa will decorate the YWCA on Monday. The north branch of the YMCA stands improvement Tuesday by Phi Ep, Sig Lamb and Zeta.

The working scene will shift to Elmwood Park Wednesday with Sig Ep's and Chi O's wielding rakes and such. The program ends Thursday with the Alpha Xi's and the new Pi Kap's pitching in at the park.

Syntha Judd and Dick Beem are over-all chairmen for the week-long event which includes seminars, a banquet and dance.

Other Greek Week committees are:

Speakers—Hugo Kahn, Leonard Leftitz; Finance—George Marling, Jackie Zerbe; Banquet—Marsha Jourdan, Pat Cahow; Public Relations—Doris Hanson, Don Chase; Dance—Howard Olson, chairman, Carol Miles, Ray Abieta.

## IFC approves open rushing

The open system of rushing will be tried out for the first time at OU on Monday from 8 a.m. to noon. It will last through noon Friday, Feb. 29.

A list of eight rules recently compiled by IFC for open rushing will be posted on the bulletin board by Monday morning. Men pledged by this system need not go through the formal procedures followed in the past.

The new system will be tried on an experimental basis. Says Dick Beem, president of IFC.

## 15 PER CENT DISCOUNT
